Continuous Feed Message

- As soon as possible after submitting the package, send an email to Tech Support to release the search and copies. The search is only in the large UCC queue until the next large search is invoiced.
- Please specify which printer in your office you would like it to print on.
- If you want the search and copies to print at our office, you must email the Tech Support Mailbox and request that we open a SRV# for you. The agent will then perform the search and copy request and then email Tech Support to invoice and submit the package.

Important Notice Regarding Searches

- A search must print the same day it is requested because the thru dates changes as work progresses through the dates.
- Searches that do not print the same day requested must be deleted and resubmitted under a new SRV#.
- Please contact the UCC Corrections mailbox to have the search deleted.

Emailing Large UCC Searches and/or copies

- The limit for packages to be emailed is 10 mg. This is equal to approximately 150 pages.
- This limit is set by DTI and unfortunately cannot be increased for our office.

Large Copy Orders that exceed print packaging limitations

- Large copy orders that exceed 512 images cannot be submitted through print packaging.
- Send copy request down to our office for processing.
- A copy of the search MUST be attached to the copy order.
- Each document gets manually printed.
- This process is very time consuming and takes several days to complete.

UCC On-line Filings

UCC1 and UCC3 filings can be filed on-line at

DO NOT use 6DF transaction initiator to perform a cost calculation. This creates extra work for our employees when having to make these adjustments.

If a cost calculation is done on an SRV#, you must invoice and print the order, have the adjustment approved by the designated individual in your office and send to the UCC Section, Attention: Adjustments.

Only Exception:

You may perform a 6DF transaction initiator to perform a cost calculation for Wilmington Trust, US Airways, Home Depot, Computer Leasing, American Airlines, etc. (extremely large pids) Please do not invoice. Call or email the UCC Section to have the charges

Reprinting of Packages

- Do not reprint document filings. The agent will not receive the image on any document filings that are reprinted. Email Technical Support and request the filing be reprinted.
- If package requested did not print and the images are in image query, please reprint the package ONE time. If the package still does not print, email Technical Support and they will troubleshoot the problem and then print the package once corrected.

Expedited Fees on Multiple Copy Transactions

Currently the system charges expedited fees for each transaction on an SRV#. If the copy transactions actions are for the same debtor, call or email the UCC Section to have the expedited charges adjusted.

Scanning Large Documents

Documents that exceed 999 pages must be sent to the Division of Corporations to be scanned into the system.
